East Loddon Merino Stud is a family business run by Tom and Marcus Hooke, based midway between Deniliquin and Hay, NSW.

We breed SRS merino sheep focusing on bold crimping, soft white wool, high growth rate, muscle and fat on wrinkle free sheep.

How we do it

- Over 15 years of SRS selection
- Strict Visual Selection
- Performance recording under commercial conditions
- MERINOSELECT ASBV's
- Genomic Testing

All rams have Australian Sheep
Breeding Values (ASBVs) and raw
fleece measurements.

For additional ASBV information
you can view the catalogue
on the Sheep Genetics
website.

Drop: June 2019

Shorn: 3rd April 2020

Definition of terms

MIC Fibre Diameter
SD Standard Deviation
CV Co-efficient Variation
CF Comfort Factor

ASBVs:

PWT Post Weaning Weight
YWT Yearling Weight
YFAT Yearling Fat Depth
YEMD Yearling Eye Muscle Depth
YCFW Yearling Clean Fleece Weight
YSL Yearling Staple Length

Health

Brucellosis: Accredited free flock.
Cert No. OB 13/16.

Ovine Johnes disease: Gudair
vaccinated at marking.

Vaccinations: 6 in 1 at lambmarking
and weaning.

Grade Rams/Mini Auction

In place of grade ram selection a mini
auction will be conducted directly after
the main auction. 27 rams available in
lotted pens of 3. Conducted as pick of
pen. Successful bidder has option of
taking pick of rams or entire pen.

More grade rams available after sale
day by appointment.

SELECTION PRINCIPLES

At East Loddon we take a balanced approach in our classing of animals. We undertake a strict visual appraisal along with benchmarked objective measurement, in the form of Australian Sheep Breeding Values (ASBVs).

At classing each animal is visually assessed on body structure, fibre quality & quantity and skin type (no wrinkle, thin and loose).

ASBVs are a fantastic tool for evaluating a number of other traits that are difficult to pick up just by eye. We take a lot of care ensuring the data we collect is best practice thus generating highly reliable breeding values for the most informed breeding decisions for us and our clients.

EAST LODDON MERINO STUD SIRE INFORMATION

R160110	PWT	YWT	YFAT	YEMD	YCFW	YSL
	7.9	11.4	1.3	2.9	23.9	15.2
Purchased from Richmond Merino Stud showing extreme carcass attributes with depth and width of body. PP						

140161	PWT	YWT	YFAT	YEMD	YCFW	YSL
	8.3	9.8	0.4	1	19.3	11.5
Well proven stud sire. Has stretch of body, clean points, white crimply wool. PP

	3.5	4.5	1.5	1.5	18.2	12.1
Top Wool Sire, very well aligned fibres.						

COVID-19

We will be running the day with strict COVID-19 protocols in place.

To limit the number of people at the sale, only active participants are encouraged to attend. Please do not attend if you, or someone in contact with you, have recently been sick.

Please check our website for up to date restrictions before attending the sale.

If you cannot attend the sale or wish not to in person, the sale will be run in conjunction with AuctionsPlus with live audio. Stock agents can also bid on your behalf. Please feel free to contact us directly if you have any concerns. We can also assist with ram delivery.

LOT 9

All proceeds of this ram to be donated to The Royal Children's Hospital 'Beyond sight' auxiliary.

Beyond sight

Raising funds to support the Ophthalmology Department at the Royal Children's Hospital.

Why is East Loddon Merino Stud donating the proceeds to this charity?

In October 2019 Marcus and Cass' son Jack was diagnosed with a very rare form of childhood cancer, Retinoblastoma. Over the past 10 months Jack has been treated at the Royal Children's Hospital for this disease. Fortunately, Jack is now free of the disease. To do so, Jack paid the sacrifice of losing his right eye after multiple life-threatening complications with chemotherapy treatments. Jack will continue to lead a healthy, happy and adventurous life all thanks to the wonderful treatment and care from the staff in the Oncology and Ophthalmology departments of the RCH. If it was not for them, Jack might not be here with us today. Jack will continue to be under the care of the RCH until he is at least 18 years of age with regular visits over the next 3 years.

Beyond Sight was established in 2001 by a group of parents whose children were diagnosed with retinoblastoma, a type of cancer of the eye. Funds donated to this auxiliary go towards medical diagnostic equipment and educational tools to assist families when their child is diagnosed with Retinoblastoma. 100% of proceeds goes to the auxiliary to buy equipment ect., 0% goes towards operational/administrative costs.

This fundraiser has been registered with the RCH.
